Hi Rich,

Please see my respond in red.

Hi Abdullah,

A couple questions about the trees.

Do I need to get signature from property owners whose well will be planted with a tree or can I sign off on their behalf?

Since the BID will water and maintain these trees, you do not need their permission, however, you need to coordinate with them in order to make sure they want a tree in front of their property.

And do we pick out the trees from the nursery or do you?

Our contractor will plant the trees for you, therefore, you only need to provide us with the exact locations.

Also, in planting the trees, I assume that you are also converting the soil if it's decomposed granite?

We will place Decomposed Granite.

Let me know if you can. Thank you!

RICH SARIAN
